

Fantail Room Newsletter

August 2017

Welcome Shiven, Bowen, Fateh, Bella and Hunter to the fantail room, we look forward to spending more time with you!

This past month the tamariki in the Fantail Room have been focusing on outdoor play as it gets warmer.

The tamariki have really enjoyed riding the bikes, playing in the sandpit, climbing on the frames and experimenting with water play. This has helped the children with their gross motor skills and their social skills with group activities and games. It also allows them to explore the environment, develop muscle strength and coordination, and gain self-confidence.

*From the Fantail Teachers
Steph, Lovitha and Amy*
